INTRODUCTION

The education steers the nation towards progress and happiness by making the society more civilized and result oriented and research gives a meaningful direction to education to meet future challenges. The research in various streams of education has its own significance. The purpose of modern research is its applications for better standard of living in an environmental friendly manner and should be sustainable w.r.t. cost, time and implementation. The research in all professional streams should lead to increased employability and entrepreneurship.

ABOUT THE INDUSTRIAL SUMMIT

An Industrial representation will be invited to discuss the agenda of entrepreneurship and employability. A panel discussion followed by open house deliberations will be held on the first day. Industrial environment and policy framework conducive or otherwise including foreign trade needs a common platform for analysis of present situations and future opportunities. A comparison of different industries and regions can also give an insight to suggest a framework.

ABOUT THE CONFERENCE

The GGNIMT IMSC-2018 is aimed at providing the researchers, analysts and enthusiasts an opportunity to exchange ideas on the latest issues and challenges in the broad gamut of research driven discussions on employability and entrepreneurship and shaping modern education. During the event, the researchers, academicians, practitioners and students of various streams from universities/institutions and industries are being invited to join one another to deliberate and discuss their research contributions on the theme. Only serious research papers will be invited for presentation.

CONFERENCE STREAMS

The present conference is an earnest effort to bring academicians, business leaders, practitioners, professionals and industrialists on a common platform to share views, expectations, and apprehensions and to analyze experiences of life in various contexts of technology and life. Deliberations and exchange of research works on diverse themes ranging from Management, Commerce, Computer Applications, Engineering, Arts, Languages, Education and Sciences & Technical Innovation are expected in the conference.

Papers are invited on various themes and sub-themes of choice from the above-mentioned streams. Conference will be sub-divided into stream-wise technical sessions. The above-mentioned sub-themes are indicative but not exhaustive in the area under study. The participants can write/present the paper on other topic falling under the broad gamut of “**Futuristic Approaches towards Employability and Entrepreneurship**”. Kindly mention the stream you want to participate in. One author can present paper in one stream only. In one stream, one author can submit one paper only. Other co-author(s) can make a separate presentation in the same streams.

PUBLICATION

In case of selection of the paper by the screening panel, the research paper will be published in the form of a book and distributed to various libraries for the reference of faculty, students, industry professionals and researchers. The contributors will be given a certificate of publication on the day of the conference itself. Papers reached on or before due date i.e. 10 October 2018 with an applicable registration fee and separate charges for book i.e. Rs 800 will be considered for presentation and publication. Later additions will not be possible.

GUIDELINES FOR CONTRIBUTORS

Aims and scope

Manuscripts will be accepted for publication with the understanding that the content has not been published or submitted for publication elsewhere. The editor reserves the right to refuse any material for presentation/publication and advises that authors should retain copies of submitted manuscript.

Copyright of published articles will be held by the organizers of the conference. No limitation will be placed on the personal freedom of authors to copy or to use in subsequent work, material contained in their papers. After publication, authors will receive a copy of the book in which their article appears.

Only selective papers will be included in the book, provided they are received before **10 October 2018**.

Submission of manuscripts

Spelling should follow either USA or British conventions and must be consistent throughout the manuscript.

Title Page

The cover page of the manuscript should include the title of the article, the authors' names, their affiliations, addresses, phone and e-mail addresses; the author to whom correspondence is to be sent should be clearly identified. No mention of authors' names should be made in the body of the paper, except where appropriate in citations and references.

Second Page

The title should be short (12 words maximum), informative and contain the major keywords. The second page should repeat the title and include a 100 - 150-word abstract.

Tables and figures

Tables and figures should be numbered consecutively in separate sequences. Each figure/table should have a self-explanatory title; desired location of each figure/table should be noted in the text. Numbering of tables and figures should be in Arabic numerals (e.g., 1, 2, 3) and be consistently cited between text and legend. All line diagrams and photographs are termed 'Figures'. Subheads should be kept concise, and the levels should be clearly differentiated. Footnotes should be used sparingly, and should not be used for citing references.

Autobiographical note (max. 100 words): Authors are requested to supply – on a separate page – details including their full name, highest qualification, current position and name of their organization alongwith major interest areas.

References

Kindly use standard formats of citing references. Harward system is recommended for use. The Literature reviewed, if any, should be in chronological order.
